

## **Pactiv Canada Acquires Interplast Packaging, Inc.**

09/25/2012 – Lake Forest, Ill. – Pactiv LLC announced today that Pactiv Canada Inc. has acquired the assets of Interplast Packaging, Inc. (<http://www.interplast.net>). Based in Terrebonne, Quebec, Canada, Interplast produces custom-labeled Recycled PET (RPET) egg cartons for customers throughout North America.

“Interplast’s family of RPET cartons enhances our existing line of molded fiber egg cartons and offers an environmental and sustainable alternative, particularly for packers and retailers of premium label eggs,” said Pactiv President and CEO, John McGrath. “Much like we have done in other food packaging segments, Pactiv will now be able to offer solutions in multiple materials to the egg packaging market, providing this customer base with the opportunity for increased value.”

### **About Pactiv LLC**

Pactiv is the world’s largest producer of food service disposables and food packaging operating 55 manufacturing plants in seven countries. With over 12,000 employees, Pactiv makes and sells products used in the foodservice, supermarket, and food packaging markets.
