Disclaimer

This presentation may contain “forward-looking statements” as that term is defined in the Private Securities Litigation Reform Act of 1995. Forward-looking statements include, without limitation, any statement that may predict, forecast, indicate or imply future results, performance or achievements, and may contain the words “believe”, “anticipate”, “expect”, “estimate”, “intend”, “project”, “plan”, “will likely continue”, “will likely result”, or words or phrases with similar meaning. Forward-looking statements involve risks and uncertainties, including, without limitation, economic, competitive, governmental and technological factors outside of the control of Reynolds Group Holdings Limited (“RGHL”, “Reynolds” or the “Company”), that may cause Reynolds’ business, strategy or actual results to differ materially from the forward-looking statements. Factors that could cause actual results to differ materially from the forward-looking statements include without limitation:

- risks related to future costs of raw materials, energy, and freight, including the impact of tariffs, trade sanctions and similar matters affecting our importation of certain raw materials or sales of our products;
- risks related to economic downturns in our target markets;
- risks related to changes in consumer lifestyle, eating habits, nutritional preferences and health-related and environmental concerns that may harm our business and financial performance;
- risks related to complying with environmental, health and safety laws or as a result of satisfying any liability or obligation imposed under such laws;
- risks related to the impact of a loss of any of our key manufacturing facilities;
- risks related to our dependence on key management and other highly skilled personnel;
- risks related to the consolidation of our customer bases, loss of a significant customer, competition and pricing pressure;
- risks related to any potential supply of faulty or contaminated products;
- risks related to exchange rate fluctuations;
- risks related to dependence on the protection of our intellectual property and the development of new products;
- risks related to pension plans sponsored by us and others in our control group;
- risks related to strategic transactions, including completed and future acquisitions or dispositions;
- risks related to our hedging activities which may result in significant losses and in period-to-period earnings volatility;
- risks related to our suppliers of raw materials and any interruption in our supply of raw materials;
- risks related to information security, including a cyber-security breach or a failure of one or more of our information technology systems, networks, processes or service providers;
- risks related to our substantial indebtedness and our ability to service our current and future indebtedness;
- risks related to restrictive covenants in certain of our outstanding notes and our other indebtedness which could adversely affect our business by limiting our operating and strategic flexibility;
- risks related to increases in interest rates which would increase the cost of servicing our variable rate debt instruments; and
- risks related to other factors discussed or referred to in our quarterly reports and our annual report, including in the section entitled “Risk Factors.”

Some financial information in this presentation has been rounded and, as a result, the figures shown as totals in this presentation may vary slightly from the exact arithmetic aggregation of the figures that precede them.

The attached information is not an offer to sell or a solicitation of an offer to purchase any security in the United States or elsewhere and shall not constitute an offer, solicitation or sale in any state or jurisdiction in which, or to any person to whom such an offer, solicitation or sale would be unlawful. No securities may be offered or sold within the United States or to U.S. persons absent registration or an applicable exemption from registration requirements. Any public offering of securities to be made in the United States will be made by means of a prospectus that may be obtained from any issuer of such securities and that will contain detailed information about us.
Explanatory Note on Non-GAAP Financial Measures

In this presentation, we utilize certain non-GAAP financial measures, including EBITDA, Adjusted EBITDA and Pro Forma Adjusted EBITDA, that in each case are not recognized under IFRS or U.S. GAAP. These measures are presented as we believe that they and similar measures are widely used in the markets in which we operate as a means of evaluating a company's operating performance and financing structure. They may not be comparable to other similarly titled measures of other companies and are not measurements under IFRS, U.S. GAAP or other generally accepted accounting principles, nor should they be considered as substitutes for the information contained in the financial statements included in this presentation.

EBITDA, a measure used by our management to measure operating performance, is defined as profit (loss) from continuing operations plus income tax, net financial expenses, depreciation of property, plant and equipment and amortization of intangible assets. EBITDA is not a measure of our financial condition, liquidity or profitability and should not be considered as a substitute for profit (loss) for the year, operating profit or any other performance measures derived in accordance with IFRS or as a substitute for cash flow from operating activities as a measure of our liquidity in accordance with IFRS.

Adjusted EBITDA is calculated as EBITDA adjusted for particular items relevant to explaining operating performance. These adjustments include significant items of an unusual nature that cannot be attributed to ordinary business operations, including items such as asset impairment charges, non-cash pension income or expense, restructuring and redundancy costs and gains and losses in relation to the valuation of derivatives. Pro Forma Adjusted EBITDA is defined as Adjusted EBITDA as adjusted to provide the full-period effect of implemented cost savings programs, divestments, acquisition synergies and business acquisitions to the extent not reflected in Adjusted EBITDA. Adjusted EBITDA is not a presentation made in accordance with IFRS, is not a measure of financial condition, liquidity or profitability and should not be considered as an alternative to profit (loss) for the period determined in accordance with IFRS or operating cash flows determined in accordance with IFRS. The determination of Pro Forma Adjusted EBITDA contains a number of estimates and assumptions that may prove to be incorrect and differ materially from actual.

Additionally, EBITDA, Adjusted EBITDA and Pro Forma Adjusted EBITDA are not intended to be a measure of free cash flow for management’s discretionary use, as it does not take into account certain items such as interest and principal payments on our indebtedness, working capital needs, tax payments and capital expenditures. We believe that the inclusion of EBITDA, Adjusted EBITDA and Pro Forma Adjusted EBITDA in this presentation is appropriate to provide additional information to investors about our operating performance to provide a measure of operating results unaffected by differences in capital structures, capital investment cycles and ages of related assets among otherwise comparable companies. Because not all companies calculate EBITDA, Adjusted EBITDA and Pro Forma Adjusted EBITDA identically, the presentation of these non-GAAP financial measures may not be comparable to other similarly titled measures in other companies.

Reynolds Consumer Products

Lance Mitchell
Reynolds Consumer Products Revenue

- Revenue increased by 6% to $3,144 million in 2018
  - Increase primarily driven by:
    - Increased sales volume
    - Incremental pricing actions taken across most product lines

- Revenue increased by 10% to $908 million in Q4 2018
  - Increase primarily driven by increased sales volume and higher pricing
Reynolds Consumer Products
Adjusted EBITDA

- Adjusted EBITDA decreased by 1% to $652 million in 2018

- Decrease primarily driven by:
  - Higher material, logistics and labor costs
  - Significantly offset by higher sales volume and pricing

- Adjusted EBITDA increased by 11% to $225 million in Q4 2018

- Increase primarily driven by:
  - Increased volume
  - Price increases implemented across all products
  - Partially offset by higher material, logistics and labor costs
Revenue increased by 1% to $3,778 million in 2018.

Increase primarily driven by:
- Higher pricing from raw material pass-through
- Partially offset by
  - Business divestitures
  - Lower sales volume

Revenue decreased by 1% to $935 million in Q4 2018.

Decrease primarily driven by:
- Lower inter-group sales volume
- Business divestitures
- Partially offset by higher pricing from raw material pass-through
Adjusted EBITDA decreased by 16% to $569 million in 2018

- Higher raw material costs
- Higher manufacturing / conversion costs
- Higher logistics costs
- Unfavorable sales volume across the ongoing business
- Partially offset by
  - Increased pricing passed through
  - Lower employee-related costs

Adjusted EBITDA decreased by 28% to $131 million in Q4 2018

- Higher raw material costs
- Higher manufacturing / conversion costs
- Higher logistics costs
- Partially offset by
  - Increased pricing passed through
  - Lower employee-related costs
Revenue decreased by 3% to $2,087 million in 2018

Decrease primarily driven by:
- Lower sales volume
- Strategic business exits
- Impact of the application of new revenue recognition standard
- Decline in pricing due to contractual price movements
- Partially offset by increased pricing from higher resin costs passed through to customers

Revenue decreased by 6% to $477 million in Q4 2018

Decrease primarily driven by:
- Lower sales volume
- Strategic business exits
- Unfavorable foreign currency
- Decline in pricing due to contractual price movements
- Partially offset by increased pricing from higher resin costs passed through to customers
Graham Packaging Adjusted EBITDA

- Adjusted EBITDA decreased by 12% to $349 million in 2018
  - Decrease primarily driven by:
    - Lower sales volume
    - Higher manufacturing and logistics costs
    - Decline in pricing due to contractual price movements
    - Partially offset by lower personnel-related costs

- Adjusted EBITDA decreased by 25% to $65 million in Q4 2018
  - Decrease primarily driven by:
    - Lower sales volume
    - Higher manufacturing and logistics costs
    - Decline in pricing due to contractual price movements
    - Partially offset by lower personnel-related costs
Evergreen Revenue

- Revenue increased by 3% to $1,603 million in 2018
  - Increase primarily driven by:
    - Market-driven price increases
    - Price increases associated with the pass-through of higher input costs
    - Product mix impacts
    - Partially offset by lower volume

- Revenue increased by 2% to $403 million in Q4 2018
  - Increase primarily driven by:
    - Price increases
    - Partially offset by lower sales volume
Evergreen Adjusted EBITDA

- Adjusted EBITDA decreased by 11% to $230 million in 2018
  - Decrease primarily driven by:
    - Higher manufacturing and logistics costs
    - Partially offset by:
      - Price increases
      - Lower personnel expense

- Adjusted EBITDA decreased by 2% to $63 million in Q4 2018
  - Decrease primarily driven by:
    - Higher manufacturing and logistics costs
    - Partially offset by price increases
Closures

Floyd Needham
Closures Revenue

- Revenue decreased by 4% to $861 million in 2018
  - Decrease primarily driven by:
    - Strategic business exit
    - Partially offset by:
      - Increase in pricing largely from higher resin costs passed through to customers
      - Higher sales volume

- Revenue decreased by 10% to $189 million in Q4 2018
  - Decrease primarily driven by:
    - Strategic business exit
    - Unfavorable foreign currency impact
Adjusted EBITDA decreased by 11% to $116 million in 2018

Decrease primarily driven by:
- Strategic business exit
- Lower pricing due to competitive pressures
- Partially offset by lower SG&A and manufacturing costs

Adjusted EBITDA decreased by 13% to $21 million in Q4 2018

Decrease primarily driven by:
- Strategic business exit
- Lower pricing due to competitive pressures

Reynolds Group Capital Expenditures

- Capital expenditures increased from $410 million to $585 million in 2018
- Increase primarily due to new projects to reduce the Group’s cost base and to meet customer requirements
Graham Packaging Goodwill Impairment

- During the fourth quarter we wrote down the carrying value of Graham Packaging by approximately $200 million.
- This values the business, on an ungeared basis, at approximately $3.1 billion.
- The write-down was triggered by the business’s performance in Q4 and reduced short-term earnings forecasts.
Key Investment Highlights

- Leading Market Positions
- Iconic Brands
- High Barriers to Entry
- Significant Global Scale
- Stable and Diversified Business Mix
- Broadest Product Lines
- Diversified Blue-Chip Global Customer Base
- World Class Manufacturing Facilities
- Ability to Manage Raw Material Costs
- Significant Free Cash Flow Allows Rapid Deleveraging
- Broad and Deep Management Team
